Hi Sun

So a memo from Pat Evangelista to Larry is almost ready. Before I send it up to Pat for signature, what is Larry's title? This is how I have it written:

**From:**

Pat Evangelista, Director

Region 2 Superfund and Emergency Management Division

**To:**

Larry Douchand

Office of Land and Emergency Management

Office of Superfund Remediation and Technology Innovation

Thanks

Diane

Hi Diane,

I wanted to check in with you regarding the close-out memo for Larry on Woodbrook, indicating the actions outlined in Peter Wright's memo have been addressed? Has that already been sent to him?

Thanks,  
Sun

Hi Bill,

Ok, will do. I've not put one together before, so I'll check in with Silvina on if there's a format to follow. I also recall the region indicating they would be putting together a memo for Larry saying they've addressed the actions items outlined for them in Peter Wright's memo. I can coordinate with the region to see if that should be included in the briefing package to OLEM IO.

Cheers,
Sun

**Subject:** Woodbrook Briefing Package

Hi Sun,

After the briefing with Carlton and Barry last week, we agreed to prepare a briefing package to route through OSRTI up to them in support of R2's position. I've revised the Woodbrook entry accordingly in the SARDB tracker. Would you please let me know an estimated timeframe on when you'll have that prepared and can begin routing? You may want to coordinate with Silvina to see if there's a certain format they'd like since we're asking for their concurrence or you may already know.

Thanks!

Bill
